CSG 2009 Invitational - Pools and Brackets

Due to the OHSAA limit of 3 volleyball matches per day and the number of teams this year, our tournament will consist of a hybrid of "Pool" and standard bracket.

All teams play 3 matches except the host team, which plays only 2.

Teams were placed into slots 1 - 8 by random draw, except for the host team which occupies slot 9.

For slots 1 - 8, the first 2 matches are considered "Pool" play; the top #1 from each Gym proceeds to a modified "Host" bracket; then these top teams will then compete for 1st, and 2nd places (or the next available places). Teams will be ranked in their pools based on the following order of precedence for breaking ties: match record, set/game record, point differential, coin toss.

If the host team wins both matches against the top teams in pool, then the host team is 1st, and remaining 2 teams compete for 2nd and 3rd.; if the host team wins one match against the top teams in pool, then the host team is 3rd, and the top 2 teams compete for 1st and 2nd; if the host team wins zero matches against the top teams in pool, then the host team's "place" remains undefined.
