

Perimeter Defense Guide Chart (2 blocker system, blocking angle)

Attack coming into our left.

Attack coming into our middle

Attack coming into our right

Right Front (RF) has sharp angle, and tips to middle.

Center Back steps to left, then reads blockers, and sits in split.

Right Front (RF) has tips and sharp angle. LB helps with tips.

Center Back sits in split, but favors left corner a bit.

Left Front (LF) has sharp angle, and tips to middle.

Center Back steps to right, then reads blockers, and sits in split.

This is a guide only, and displays the starting “Read” positions.

Diggers will have to quickly “Go” from “Read” to “Stop” position, when they see their blockers, and the ball.
